Perhaps you sent a card or said a kind word; perhaps you sat quietly and prayed for us. Perhaps you sent flowers, if so we saw them there. Perhaps you were not present at all and thought of us during our time of bereavement. Whatever you did to console our hearts, we thank you for doing your part.

The Journey Home

Mother, As we look out among us - And see this wondrous sight
We're reminded how much you loved us - How much you gave to life
And though you may have left us - To journey the way back home
We know you're always with us - And we'll never be alone
You left behind so many treasures - Wisdom, Joy, and Love
That all of God's creations knows you're with Him up above
For Jesus gave his life with love;
So that we may carry on - And once our work is finished
He lovingly brings us home - And though your work is finished
And you're now where God's children go - We look again at this
wondrous sight - And feel your love much more.
Mother...One day we know we'll - See you soon
We'll laugh and love again - Your children, grands and great grands
Brothers, sisters, friends
So now in tears we say goodbye - At least for a little while
For when we make the journey Home
We'll see your lovely smile.
