## *Thank You Prayer*

*Son, I don't want to say Good Bye, but I do want to say Thank you.*

*Having a son like you while growing up was the greatest gift and biggest advantage you have given me. You were a person who was proud. Thank you for letting me believe that you could do whatever and be whoever you wanted to be. With your ambition and creativity, there were no limitations except your determination to succeed in life. You were very kind and polite to everyone you came in contact with, you never raised your voice in anger. Son, Thank you for being the Son you were. I am so proud of you for all of your accomplishments from the beginning to the end. You were determined to complete your Goal. You enjoyed life to the fullest. You loved being around Family and Friends. I will miss you my Son and your Loving and kind gentle ways. You were always there for me. Your Journey has now ended. You went places. You enjoyed life. God saw you getting weary. The Angels came upon you and placed their wings around you and carried you to your eternal resting place. Rest in Peace My Son.*

*You will always be in my Heart.*

*Love, Your Mother Janice*

## *Expressions of Gratitude*

We acknowledge with great appreciation the many kind expressions of sympathy and love, extended to us by our friends, neighbors, family during the illness and our hours of sadness in the loss of our love one. We have been comforted and strengthened by your thoughts and deeds of kindness. We shall always remember and thank god for you. May God forever bless and keep each of you. Please trust that we will respond to you in a more personal manner, at a later time.
